Dear Sir D Attenborough

I have discovered the spider ~~fish~~ and think it should be included on the next series of Blue Planet because

It's the most strongest sea creature. But ~~if~~ whenever  
parts of it ~~fool~~ of it will grow a sac in  
a blink of an eye! can you think of anything  
better than this? It can camouflage in to anything.  
~~because~~ It is the greatest because it is  
very smart but it is still the best. how can  
you not want to see it now?

Yours sincerely  
Maddie
